Ubuntu on Lenovo ThinkPad E470

Feedback

If there is an issue with the information for this system, please [let us know](#).

The **Lenovo ThinkPad E470** laptop with the components described below has been awarded the status of certified pre-install for Ubuntu.

Please note that for pre-installed systems:

1. The system is available in some regions with a special image of Ubuntu pre-installed by the manufacturer. It takes advantage of the hardware features for this system and may include additional software. You should check when buying the system whether this is an option.
2. Standard images of Ubuntu may not work at all on the system or may not work well, though Canonical and computer manufacturers will try to certify the system with future standard releases of Ubuntu.

Ubuntu 16.04 LTS 64-bit

Pre-installed by manufacturer
